

Patient and Family Advisor

Partnership Program

**Lend your voice
to a truly exceptional partnership**

A patient and family advisor is someone who serves as representative of patients and families of patients who have received care at Ridgeview Le Sueur Medical Center.

A patient and family advisor is someone who:

- Wants to help improve health care in our community
- Gives feedback to Ridgeview based on his or her own experiences as a patient or family member
- Helps us identify opportunities to continually improve how we provide care in our community
- Volunteers his or her time (one to two hours per month).

Application and interview process required
